Optional Add-Ons For This Module

Maybe you just sell books, or maybe you offer a full selection of clothing, snacks, and spirit items. Maybe you also want to automate sales in your cafeteria, snack bar, or athletic store. Whatever the scale, you need a system that can handle cash or charge transactions quickly and smoothly, keep track of inventory, and integrate with point-of-sale technologies like touch screens, magnetic stripe cards, and bar-code scanners. You also need detailed history, sales analysis, inventory replenishment, and reporting. And, of course, you want it to integrate easily with your accounting systems to facilitate charges to student accounts, purchasing, and posting sales and inventory to the general ledger.

Senior Campus Store™ can function as a stand-alone system or as an integrated component of *Senior Business Office™* to manage any location on campus where you sell products or services.
