

Student/Parent | My BackPack

To facilitate productive communication between school and home and enhance interaction amongst the whole school community, you need a secure, easy-to-use web portal. Parents and students need to find relevant information, update their own profile and contact data, and interact with the school community. The portal must be fully integrated with your school's central database so that everyone has access to the same accurate, current data. The My BackPack solution accommodates all of these needs, and more.

Features

- Students and parents can view schedules, a student calendar, attendance and discipline records, marking period grades and comments, and homework assignments.
- Parents can view account transactions and statements and make online payments
- Parents can update biographical and contact data, subject to approval by school staff, and can view student, parent, and faculty directories.
- Faculty and staff can broadcast emails to selected groups of students and parents.
- Offers seamless integration with Registrar, Summer School, and Accounts Receivable to provide parents and students with current, relevant data.
